

Kids Ninja Parcours

In our Kids Ninja Courses, children can experience the excitement of ninja-style climbing! These courses feature engaging and challenging obstacles inspired by the classic Ninja Course. While traditional Ninja Courses can be demanding for kids, our unique Kids Ninja Courses provide a child-friendly yet satisfyingly challenging alternative.

These courses are not limited to children; they are versatile and suitable for all age groups. They serve as an ideal platform for enjoyable skill development and physical training. Whether you're a young aspiring ninja or seeking an exciting activity, our Kids Ninja Courses have something for everyone!

Zweistöckiger Ninja Parcours

Verleihen Sie Ihrem Ninja-Parcours zusätzliche Spannung, indem Sie eine weitere Ebene hinzufügen! Auf diese Weise können Sie mehr Hindernisse auf der gleichen Grundfläche unterbringen und Ihrem Park damit einen außergewöhnlichen Look verleihen.

Be part of the challenge!

Benefit from the trend sport, as seen in successful TV shows, and provide your guests with top-level action.

Test your skills on our new Ninja Course!

A wide variety of obstacle elements will challenge ninjas of all sizes and ages, pushing their agility, endurance, strength, speed, and coordination to the limit. The difficulty level can be easily adjusted by modifying the course with simpler or more challenging obstacles.

Race against the clock!

A timer system challenges your customers to set a personal record or compete with other ninjas to achieve the highest score of the day, week, or month. The result? Strong customer engagement and increasing visitor numbers!

Surprise your visitors!

We design your course to be diverse and tailored to your target audience. Thanks to the traverse system, it's easy to swap out elements or add new ones. Amaze your customers and be inspired by our selection of ninja elements.

3D design

Our core emphasis is on personalization. To ensure your customers enjoy the ultimate experience, we engage in collaborative discussions with you to craft a completely unique and unmistakable Ninja Course. For further details, please feel free to reach out to us.
