One of the leading providers of leisure concepts

For over 25 years, Playlife has been one of the leading providers of family entertainment centers and entertainment concepts. From design to the final product, Playlife creates unique overall concepts for every location and budget. We have already completed over 900 projects and are the market leader in the German-speaking region.

How does our joint project proceed?

The design of our project begins with a good conversation. Together with your ideas, our knowledge, experience, and creative designers, we create a concept that surpasses all your expectations. After the conversation, our designers transform the idea into a 2D design and then into a 3D presentation. This customizes your idea, making each location unique. A unique concept guarantees your success.

What makes the Battle Bar concept by Playlife special?

Your visitors experience your restaurant in a playful manner. They move from attraction to attraction and "battle" in their friend groups while enjoying food and drinks. The group that has collected the most points by the end wins! This business model offers many advantages for you as an entrepreneur:

- ✓ Extending the length of stay
- ✓ Increasing visitor engagement
- ✓ Brand-new concept
- ✓ Attractive offering for group and corporate events
- ✓ And much more!

We design room and play concepts for your business. With our extensive experience in the leisure industry, we bring the necessary expertise to collaborate with you on creating a profitable, entertaining, and aesthetically appealing concept.

Smart Golf

Mini golf 2.0! Every visitor receives their own "smart" mini golf ball that independently keeps score, triggers special effects, and guides them through the entire attraction. When the ball is placed on the starting point of the course, players receive instructions from the interactive environment. Smart Golf also works wonderfully in combination with our other mini golf concepts.

Adventure Golf

This themed mini golf course includes various challenges and can be placed both outdoors and indoors. With props and sound effects, the environment comes to life, making Adventure Golf a unique experience for all age groups.

Glow 'N Golf

This attraction has a magical allure for both young and old and is becoming increasingly popular worldwide. Glow 'N Golf is a mini golf course with fluorescent elements that glow in the dark. Together with 3D theming, captivating wall paintings, and special effects, this concept is truly impressive.

Laser Games

Playlife offers complete laser games that can be fully themed. Participants battle in teams through a surreal environment with sounds, light and fog effects, destroyed buildings, spaceships, or other elements. This concept is all about teamwork, competition, adrenaline, and an incredibly fun experience.

Ping Pong

Table tennis is always in trend and continuously excites your visitors. We also offer tables with designs that complement your interior concept visually, going beyond the traditional style.

Hammerschlagen

Who can be the first to drive the nail into the tree stump? Hammerschlagen requires strength, dexterity, and above all, accuracy.

Beer Pong

Beer Pong is an extremely entertaining game, especially popular and well-known among young adults. It involves trying to land a ball in the beer-filled cups of the opposing team. If you score a hit, the opponents have to drink the contents. Fun and challenge are guaranteed. We have also developed special tables with a wow factor for this purpose.

Axe Throwing

This game is currently on its way to becoming the ultimate trend game. Axes are thrown at a target board, and hitting the bullseye in the center is the goal!

Shuffleboard

Also known as Shufflepuck, it's the tabletop version of curling. Pucks are pushed across the playing surface to the opponent's side and slide along the lane. It can be played by two people or in groups.

TAG Challenge

Your visitors climb and navigate through an arena filled with challenging obstacles, finding pods that glow in their team's color. Each buzzer earns a point for the team. This unique gaming arena comprises various obstacle modules combined with interactive gaming elements.

SkyRider

This combination of a roller coaster and a zipline provides a real adrenaline rush. Swing through the curves and feel the freedom and speed. Suitable for both indoor and outdoor settings.

Boule

Boule works indoors too! The popular game, known as Boccia, is played on lanes with gravel. Depending on the game variant, the goal is to get the playing balls as close as possible to the target ball.

Bowling

Bowling is probably one of the most popular activities worldwide. It's no wonder – it can be played year-round and is popular with all age groups. Bowling is fun for everyone, whether with friends, family, or colleagues!

Theming

Create a unique experience with theming in your location. Explore our possibilities!

Choose your theme!

We can theme your location in any style you desire. With the right concept, you'll create unforgettable experiences.

Graphic and illustration

Our in-house team of graphic artists and illustrators brings your vision and chosen theme to life. From creating graphics for printed surfaces and products to wall painting and illustrating 3D theming sketches, we have the capabilities and expertise to design your location uniquely.

Wall Painting

Our highly talented and experienced artists paint your walls completely individually to bring the attractions to life.

3D Elements

From enormous 3D sculptures to artificial rocks and impressive door portals. 3D elements spark the imagination of your visitors and tell unique stories.

Playlife offers unique total solutions

We bring together a variety of entertainment concepts, from children's paradise to adult entertainment. Want to combine multiple ideas and target groups? Then we'll design a suitable comprehensive solution that will delight both you and your customers.
